

# Industrial Automation & Motion Control Products

 <p><b>ACE</b> ACE Controls Inc. Innovation in Deceleration and Motion Control</p>	<p>Industrial shock absorbers, velocity controls, gas springs, rotary dampers</p>	 <p><b>Firestone</b> World's Number 1 Air Spring.</p>	<p>Airstroke® actuators, Airmount® Marshmellow® isolators, air springs, air pickers, and air grippers</p>
 <p><b>AIR-VAC</b></p>	<p>Air operated vacuum pumps, venturis, cartridge inserts</p>	 <p><b>FRAME WORLD</b></p>	<p>Extruded aluminum strut for machine guards and bases</p>
 <p><b>Altech Corp.</b></p>	<p>Terminal Blocks, Circuit Protection Devices, Strain Reliefs, Power Supplies, Foot Switches, Safety Relays, Pin &amp; Sleeve Devices</p>	 <p><b>Tuthill</b></p>	<p>Quick connect couplings for air, fluids, and gases</p>
 <p><b>atos</b></p>	<p>Hydraulic valves, proportional controls, pumps, cylinders, and systems</p>	 <p><b>HITACHI</b></p>	<p>AC variable frequency drives (VFD's/ Inverters).</p>
 <p><b>CAMOZZI</b></p>	<p>Nickel-plated brass push-on tube fittings, pneumatic components</p>	 <p><b>lumbergautomation</b> A BELDEN BRAND</p>	<p>Serial bus wiring systems, Device-Net wiring systems, sensor boxes, DIN connectors, sensor cables</p>
 <p><b>CARLO GAVAZZI</b></p>	<p>Sensors, motor controls, safety products, energy management systems, relays, and other automation and control products</p>	 <p><b>MAXPRO</b> TECHNOLOGIES</p>	<p>Air driven air amplifiers, liquid pumps, gas boosters, super pressure valves and fittings</p>
 <p><b>CONTINENTAL</b> HYDRAULICS</p>	<p>Hydraulic vane pumps, piston pumps, valves, controls, proportional valves, power units, and systems</p>	 <p><b>OMRON</b></p>	<p>Automation control products including: sensors, PLC's, power supplies, HMI's drives, and servos</p>
 <p><b>COOPER PowerTools</b></p>	<p>Air Tools, motors, and hoists</p>	 <p><b>Parker</b></p>	<p>Ross &amp; Nichols LSHT hydraulic motors</p>
 <p><b>Danfoss</b></p>	<p>AC variable frequency drives (VFD's/Inverters)</p>	 <p><b>PATLITE</b></p>	<p>Machine status indicators, warning lights, light towers</p>
 <p><b>DELTA</b> COMPUTER SYSTEMS Motion Control</p>	<p>Multi-axis electro hydraulic, electric servo, and stepper motion control products</p>	 <p><b>PINNACLE</b></p>	<p>Safety mats, light curtains, two hand controls, safety network controllers</p>
 <p><b>DESA-CO</b></p>	<p>Automation components, grippers, slides, rotary actuators, compliance devices, tool changers, industrial clamping &amp; work holding devices, cam indexers, and conveyors</p>	 <p><b>SCHAEFER'S</b> ELECTRICAL ENCLOSURES</p>	<p>Electrical enclosures</p>
 <p><b>EATON</b></p>	<p>Tube fittings, hydraulic/air hose, fittings, plastic tubing, JIC fittings, hose crimping systems</p>	 <p><b>SHEFFER</b></p>	<p>Hydraulic and pneumatic NFPA type cylinders, custom cylinders</p>
 <p><b>EDRIVE</b></p>	<p>Electric linear actuators featuring rugged construction, long life, and high precision</p>	 <p><b>SMC</b></p>	<p>Pneumatic and electric automation and motion control products</p>
 <p><b>Elmo Rietschle</b> A Gardner Denver Product</p>	<p>Dry vacuum pumps, liquid ring vacuum pumps, vacuum systems, blowers, compressors</p>	 <p><b>sprecher+schuh</b></p>	<p>Motor starters, contactors, overloads, terminal blocks, DIN rail mounted circuit breakers, push buttons, pilot devices, solid state relays, soft starters</p>
 <p><b>STAUFF</b></p>	<p>Clamps, hydraulic filters, valves, test points, and other hydraulic accessories</p>		

# Instrumentation & Process Control Products

**ASHCROFT** Pressure gauges, switches, and transducers

**MB MARSH BELLOFRAM**  
Group of Companies

Process instrumentation regulators, electronically controlled pressure regulators (E/P & I/P), rolling diaphragm cylinders

**CIRCLE SEAL CONTROLS, INC.** Control valves, solenoid valves, and regulators for industrial instrumentation, OEM, and aerospace/military market

**OMRON**

Process controllers, temperature controllers, PLC's, HMI's, and sensors

Actuated valve assemblies and manual ball valves

Miniature 2 and 3-way solenoid valves for the control of liquids and gases. Heavy-duty actuated process valves for both low and high pressure

Actuated valve assemblies and manual ball valves

Miniature solenoid valves, custom valves and manifolds in stainless steel, brass, and plastic

Dry vacuum pumps, liquid ring vacuum pumps, vacuum systems, blowers, compressors

Plastic valves in a variety of materials including Geon® PVC, Corzan® CPVC, Kynar® PVDF, PTFE, Glass-Filled Polypro, and Natural, unpigmented Polypropylene

Pressure regulators, diaphragm valves, & filters for the analytical, instrumentation, petrochemical, oil, gas, & specialty gas industries

Compressed air dryer and FRL's

Ultra high purity orbital weld fittings, face seal (VCR) fittings, ultra clean valves, modular gas stick components, instrumentation valves and fittings

Process solenoid valves, high purity valves, media isolation valves, flow sensors, pressure sensors, process pumps

Liquid and gas flow meters, switches, and transducers

Quick connect couplings in a variety of materials, sizes, and configurations. Custom couplings as well

Instrumentation valves, fittings, and filters in stainless, brass, and other materials

Industrial valves, high purity valves, custom valves, control valves & actuators

Proportional solenoid valves for controlling the flow of gases & liquids. Custom integrated proportional valve circuits & manifolds

All-in-one PLC/HMI packages for OEM's, data acquisition systems for process monitoring and control

Plastic compression fittings available in nylon, acetal, polypropylene, or PVDF

Air valves, process valves, NAMUR style valves in brass and 316 stainless steel

Flow sensors and devices for measuring and controlling fluids and gases
